The check was given by the drawer in payment for goods and for services, child support, rent taxes, licenses or fees, any fine or court cost, or salary, and was not given as payment of a pre-existing debt. The check was accepted with the express or implied understanding that it was good. The check was not post-dated, the payee was not asked and did not agree to hold the check until a later date, and the drawer did not state or imply that the check would not be honored at the bank. No part of the check has been paid. I hereby authorize the Prosecuting Attorney to institute criminal action against the maker of the check. It is understood that should the defendant desire to pay the amount of the check, payment will be refused until such time as authorized by the Prosecuting Attorney. Payment of the check may be considered for litigation or reducing punishment but not for bases of dismissal. If you desire to drop charges after collecting your money, you must make the request before the judge personally. This is necessary so the Sheriff and Prosecutor and Courts will not be involved if you are sued for false arrest. You should be aware that filing and then asking that charges be dismissed in order to collect a check is a very serious matter.
