

BENTON COUNTY QUORUM COURT

JUDGES REPORT

December 19, 2013

- The Courthouse Feasibility study is in progress with a scheduled final draft due next week.
- The construction is underway on the Benton County Rogers Office building renovation. The schedule is to be open by March 1.
- The FEMA flood damage inspection team is continuing to process work orders for the road and bridge damage from the August flood. They expect to be complete with the assessment in January.
- The EMS election will be February 11, 2014. We are sending letters to all of the providers with information on the matter and asking for their support to help inform the citizens of the facts about the service. We are also drafting a letter to be sent to all of the registered voters in the district with much of the same information. The timing of sending that letter is still being debated.
- The interview process is underway for the IT Director position.
- I want to thank our road department employees for the maximum effort expended during the ice and snow event recently.
- Have a Merry Christmas and Happy New Year!!
