Re: 3901 South First Street

Mr. Gambrill,

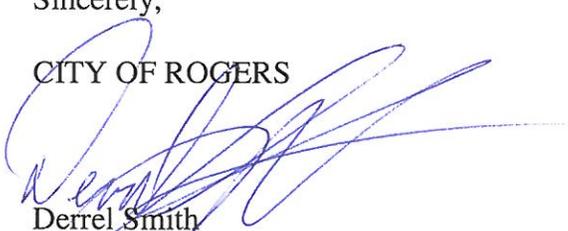

The City of Rogers is in the process of renewing their Planning Area Boundary Map. The map that is on file at the county does not comply with current State of Arkansas statutes and we feel is not valid at this time. Therefor until we can produce a new planning boundary map that follows state statutes, we will not exercise our extraterritorial jurisdiction as prescribed in Rogers City Code Chapter 14, Article 3, Section 206.

We are currently working on this matter and hope to have a solution soon. However, until that time we will not exercise our rights outside the city limits of Rogers.

If you have any additional questions, or need more information, please feel free to contact me.

Sincerely,

CITY OF ROGERS

Derrel Smith
City Planner
