ASBESTOS REPORT

Asbestos Inspection Report

I certify that I possess current AHERA accreditation and state of Arkansas certification as an Asbestos Building Inspector. I have thoroughly inspected the structure to be burned, sampled all suspect materials, had all samples analyzed for the presence of asbestos by a NVLAP accredited laboratory, and have determined that no regulated ACM exists any where in the structure.

_____ Asbestos Certified Inspector Signature _____ Date

FEES

Structure Burn Permit \$25

The applicant must contact the county Central Communication at 479-273-5530 to determine when controlled open burning is permissible. Current weather conditions, weather conditions in the past 24 to 48 hours (rainfall, temperature, humidity, and wind velocities), and the fire danger forecast from the National Weather Service will be evaluated. The applicant may set fire to the structure no earlier than 10 days after and no later than 60 days after the permit issue date. If you encounter any problems during the burn please call 911. The open burning of anything not specifically noted in this application is considered a violation of law. The applicant must notify the Fire Marshal at 479-271-1003 when the structure has been burned for a final inspection of the area.

I hereby certify that the information submitted in this permit application is true and that I will comply with all provisions of the Law and Ordinances governing this permit.
