## **TEMPORARY USE PERMIT – FIREWORKS STAND**

Fireworks stands and commercial fireworks displays are commercial activities that are temporary and are required to be removed following the expiration of a permit. Such uses do not require site plan review approval.

Notwithstanding the provisions §7.5.D, which requires Planning Board review and approval of all non-exempt temporary uses, including fireworks stands and commercial fireworks displays, those fireworks stands and commercial fireworks displays that meet

**all** of the following criteria shall be reviewed administratively under 7.5.C:

- Have obtained State Fireworks Permit from the State Fire Marshal.
- Have obtained a temporary 911 address from 911 Administration.
- Have obtained a temporary electrical permit, if applicable, from Benton County Building Official.
- Have contacted Benton County Fire Marshal for scheduling inspection.

*Note: Benton County Fire Marshal will **issue** the Temporary Use Permit upon initial inspection of the facility. NO retail sales shall be conducted on site without the Temporary Use Permit posted on site. Contact Benton County Fire Marshal to schedule an inspection. Actual **issuance** of the Temporary Use Permit shall be performed by the Benton County Fire Marshal.*
